

Debit Card Scam Alert

September 14, 2016

We've heard from many customers today that they've received a text or phone call regarding their debit card.

- The text messages from number 844-383-6972 say "Debit Card Alert " with a call back number of 844-380-7468.
- Phone calls (Caller ID 844-383-6972) state the customer's debit card has been hacked and directs them to call 844-380-7468.

These are phishing attempts to gain personal information. If you receive a call or text, do not respond. If you did provide any card or personal information, please immediately call your local branch or after hours call 1-800-554-8969.

As a reminder, Community Bank will never text you when we're trying to contact you. And we will never ask for personal information via email or text.
